

HMC Capital expands Brazilian operation and becomes shareholder of Gama Investimentos, a fund manager focused on offshore alternatives and liquid investments

This new step will provide synergies and expand the operations in the Brazilian market

HMC Capital expands its operations in Latam taking control of Gama Investimentos and fully integrating with HMC ITJ, its Brazilian operational joint venture since 2012. The group has strengthened its local presence and set the basis to run the entire business under one global platform, exploring better all the synergies, and offering dynamic solutions in the Brazilian market to its clients.

The consolidated structure of HMC Capital will work alongside the Brazilian operations to structure the most modern solutions and offer the best investment opportunities to its clients. In addition, the acquisition positions the firm as one of the leading alternative investments platforms globally.

“After more than ten years as a joint venture in Brazil, the operations are now integrated. We are moving towards the construction of a unique platform that serves its clients with excellence, connecting them to local and global asset managers. We continue to bring access and the best investment opportunities throughout our third

party and proprietary investment products/funds” says Felipe Held, Co-Founder and CEO of HMC Capital.

HMC Capital and HMC ITJ were advised by Setter (financial adviser).

GAMA

Gama Investimentos has been managed by HMC ITJ during 2022 so it will continue its operations in feeder funds, serving Brazilian investors, and benefitting from the global expertise of HMC Capital.

Gama expects to be the main independent feeder funds and offshore investments platform in Brazil. Bernardo Queima, CEO of Gama, sees this moment with great optimism. “We are very committed to unlock the best investment opportunities to our clients, and we acknowledge Latin America’s growth potential in the ecosystem” he adds.

Queima also points out that the growth and success of the firm will be an “equation of access to the best opportunities and adding innovation to our structuring capabilities to serve and bring it to all type of investors.”

About Gama Investimentos

Gama Investimentos is a Brazilian-regulated fund manager focused on making high quality global investments accessible to Brazilian clients. Gama develops strategic partnerships with the world's leading fund managers, maximizing and diversifying its clients' portfolios. Gama combines structuring, management, and excellence in risk control with premium pre/post-sales experience. The goal is to provide access to differentiated products and investment intelligence, seeking diversification and maximizing risk reward. www.gamainvestimentos.com.br
